

Model: HD-PS3600A Towable Passenger Stairs

Model: HD-PS3600A Towable Passenger Stairs

The towable passenger stair is a non-motorized passenger stair without chassis and engine; it features with simple structure, low gravity point and good balance, eco-friendly, low maintenance costs and easy operation. It can be operated by 1-2 person when approaching the aircraft and towed by a baggage towing tractor when moving over a long distance. It is an economical choice for small and medium-sized airports and also suitable for the apron in large international airports or airlines. It is suitable for the aircraft A318, A319, A320, B707, B727, B737, DC-8/40/50F, DC8-61/61F, DC8-62/62F, DC8-63/63F, 1L-18 and so on. It can be used as a working step for aircraft crew too.

SPECIFICATIONS & FEATURES:
